ALEXANDRIAN DROWNS

Private Thomas W. Cook Falls Into a River in France and is Borne Down by the Swift Current.—Mother Receives Notice of Death.

Mrs. Isabella Cook, widow of M. Cook, who resides at 1112 Queen street, has received the following from Frank E. Miller, First Lieutenant of Engineers, announcing the drowning of her son, Private Thomas W. Cook, in France on the 24th ultimo.

March 1, 1919.

Dear Madam:

Shortly after dinner on February 24th, 1919, your son Private Thomas W. Cook, left camp with one of the other men of this organization, intending to take a little walk. They walked to the town of Turpinay (Loir-et-Cher) France which is only a short distance from camp, and when they came to the River Sauldre your son suggested that they sit down on the bridge and rest. He sat down on the wooden railing of the bridge which was well decayed, and as he did so the railing broke and he fell backward into the river. The current in this river is very swift and it carried him swiftly away. He was seen to come up two or three times, but aside from his companion there was no one around and the possibilities of rescue were impossible owing to conditions. To date his body has not been recovered, but we are working diligently and I assure you that every effort is being made to recover the body.

In accordance with Army Regulations the personal effects of your son have been turned over to the Quartermaster. who in turn will forward them to you.

The deceased was twenty-two years old and unmarried.

Private Cook was of exceptionally good character and military record, and was highly esteemed by all his comrades, and on their behalf I wish to express our sincere sympathy and if there is anything that we can do for you, or any further information that you may desire we will be pleased to assist you in every way possible.

Washington papers please copy.

1st Lt. Engrs. Commanding.

Richmond—"The Love Auction."

"The Love Auction" at the Richmond tonight, is a big, human interest, up to the minute moving picture of intensely emotional force. It's true to life. It tells the heart burning story of a woman who thought she was going to achieve happiness solely through money, but realized only misery.

It is based on the strongest of all emotions—Love.

"The Love Auction" s a big picture with a gripping theme.

It is a vivid, realistic, thrilling picture. It tells the true heart story of many of them. It depicts in a sensational manner how many men drive their wives from the narrow path.

There are a number of big, tense scenes in the play. The production is an elaborate one, and the furnishings are lavish. "The Love Auction" excels all other Virginia Pearson pictures.

Grand—"The Old Homestead."

The managers of the Grand Theatre have secured for its showing tomorrow, "The Old Homestead," a wonderful portrayal of the rural districts and its many pitfalls. This is an all-star cast and has been voted the best yet. There will also be an added attraction.

TIRE VULCANIZING

We have been fortunate to secure a high class man in our vulcanizing department and are now ready for business. We again solicit your patronage.

BUILDING CAMPAIGN

Movement to Erect Homes Launched by Civic Bureau of Chamber of Commerce—Working Capital of $100,000 Proposed.

The regular monthly meeting of the Civc Bureau of the Chamber of Commerce, was held last night at eight o'clock, and it proved to be one of the most interesting meetings the Chamber of Commerce has held since its re-organization.

The proposed change in city government and the development of a housing program were the main topics of discussion. The meeting was largely attended, and it was nearly midnight when it adjourned.

The business manager reported that the R. F. and P. officials had agreed to make certain changes in improvements at the Union Station, this city. J. Wm. May, chairman of the committee on "white way," reported progress, and that his committee expected to have all details of this matter in shape in the very near future.

Robert S. Jones chairman of the committee to investigate and report on the conditions of the city schools, reported that his committee and the school board expected to invite Harris Hart, Supt. of Public Instruction, to come to this city and make a survey of the situation, and advise with the School Board and the committee upon the matter.

The subject of city government was freely discussed, and Carroll Pierce, president of the chamber of commerce, stated that he had appointed a steering committee to arrange for a mass meeting of the citizens, to consider this important subject. At this meeting all phases of this subject will be discussed, and arrangements made for further publicity and the whole proposition analyzed.

A report from the business manager in regard to the housing proposition was received with great enthusiasm by the bureau.

Mr. Royer in his report pointed out that Alexandria had an opportunity to develop and grow into a large city, but the way to take advantage of this opportunity, and to build Alexandria along permanent lines, was to build homes. He pointed out that newcomers in the city of Alexandria, do not become permanent citzens until they are convinced that the city of Alexandria presents proper conditions and surroundings to make it a desirable place of residence for themselves and family.

The report showed that permanent growth of Alexandria would be exactly commensurate with the amount of home building Alexandria can do, and suggested that if the citizens of Alexandria wanted to build their city along permanent lines, they shuld build homes, in that if they wanted to attract the right kind of newcomers. they should build the right kind of homes, under some plan whereby those who occupied them wuld some day own them.

It was pointed out that there was ample capital available for a big building proposition in Alexandria, an dthat building operation conducted along the right lines would be an entirely safe business proposition.

Howard Smith addressed the bureau in regard to the proposition as submitted, and emphasized the wonderful opportunity presented to add to the permanent growth of Alexandria, and stated that he hoped the citizens of Alexandria would take advantage of the opportunity presented, both as a business proposition, and as an opportunity to benefit Alexandria.

Mr. Smith suggested that the Civic bureau then and there launch a proposition to build homes, and that a capital stock of $100,000 be raised, in shares of $1,000 each, to build homes. His plan provided that the proposition be handled along conservative business lines, and the policy of the building company be to provide suitable homes to be disposed of to home seekers on easy terms, and with only a small margin of profit to the building company.

The definite plan sugested by Mr. Smith was enthusiastically received, by the business men present, and a large amount of money was subscribed at the meeting for this purpose

A resolution was then introduced, requesting a special meting of the board of directors to apporve the proposition, and a committee was appointed to secure subscriptions for the balance of the $100,000, working capital proposed.

Great enthusiasm was evidenced over the plan, and all present expressed great satisfaction that the city of Alexandria is going to carry on this proposition, instead of waiting for outside capital to come in and take hold of the proposition.

CONVENTION APRIL 14

Republicans Will Meet in Alexandria at Noon That Day to Nominate Candidate for Congress—General Election May 27.

(Special to the Gazette

Warrenton, Va., March 25.—A call for a meeting of the Eighth District Republican Congressional Convention to be held in Alexandria at noon April 14 was issued today by John B. Grayson, district chairman.

The nominee of the Republicans will oppose the Democratic nominee in the general election which will be held May 27.

It is understood that several Republicans are aspiring for the nomination and a contest is regarded as likely according to party leaders.

The Democrats will hold a primary April 22 and every indication points to the nomination of Hon. R. Walton Moore, of Fairfax county.

FOR RED CROSS DRIVE

Suggested List of Garments Needed for European Refugees.

The big task undertaken by the American Red Cross of collecting 10,000 tons of used clothing for our allies began this week. Alexandria's allotment is 6,000 pounds. The half clothed refugees of Europe are looking to us for help and we must not fail them in their helplessness. Garments need not be in perfect condition as there are many thousand destitute women in the devastated countries eager to earn a small livlihood by repairing garments for the needy.

Remember that the Campaign lasts for one week only and that even one garment will add to the collection. Send all articles to Red Cross Headquarters 806 Prince street or notify Swan Bros. telephone 183 and auto will call.

The following is merely a suggestive list of the kind of articles that should be sent:

Men's wear—Shirts, overcoats, suits shoes, workshirts, sweater-vests, jerseys, socks, soft hats, coats, trousers.

Women's wear—Skirts, cloth hats, stockings, blouses, shoes, coats, corsets, undergarments, drawers, knitted caps, shirts, suits.

Boy's wear—Shirts,, Jerseys, underwear, coats, sweaters, shoes, trousers, union suits, socks, suits, stockings.

Girl's wear—Dresses, overcoats, waists, hooded caps, drawers, undergarments, shoes, stockings, aprons, blouses, skirts, nightdresses, suits, mufflers.

Infants wear—Baby blankets, bonnets, bootees, socks, binders, diapers, shoes, jackets, baby dresses, baby shirts, sweaters, bibs, shawls, cloakes.

Miscellaneous—Blankets, Pillowcases, Bath towels, hand towels, bedticks, bedsheets.

IMPROVEMENTS AT BANK

Citizens' National Increasing Floor Space to Meet Additional Demands of Business

In order to increase its office space for its rapidly increasing business the Citizens' National Bank is making a number of changes in the interior of its handsome banking building, King and St. Asaph streets. As a result of changes being made the office force will have 250 feet additional floor working space.

The railing on the east side of the building is being removed which space will be utilized by its working force.

Another change is the removal of its handsome telephone booth in the north end to give more working floor space. For accommodations of patrons the lobby space will be enlarged by the removal of the booth in the southeast corner. The work is being done under the direction of Contractor Julian D. Knight.

CAMPAIGN A SUCCESS

The Castle, Camp Humphreys Paper Declares War Service Organization Has Done Much to Cheer Soldiers In Virginia Camp.

The Castle published at Camp A. A. Humphreys has the following to say of St. Mary's War Camp Service Club of this city.

"St. Mary's War Service Club, the National Catholic War Council and the Knights of Columbus in Alexandria, have accomplished, and are accomplishing, a large amount of welfare war work for the benefit of the men at Camp Humphreys.

The Lyceum on Duke street, near Royal street, in Alexandria, is at all times open at the disposal of the men from this camp. The lower floor is equipped with a gymnasium, shower baths, library and pool tables. Sleeping accommodations may be had at all times by men in uniform without any charge whatever to the men. The upper floor may be used for dancing. The building and equipment has been placed at the soldiers' disposal by the National Catholic War Council, Knights of Columbus.

Every Tuesday night, a dance is held for the benefit of the men from Camp Humphreys. These dances have been held since last August.

On Christmas day, the National Catholic War Council, and St. Mary's War Service Club, served a turkey dinner to the men. On New Year's night the same organization served an oyster supper to the men. New Year's eve, Lyceum Hall was crowded with men from Camp, and their fair pardners of historic Alexandria, tripping the light fantastic into the last hours of the old year, and the early hours of the New Year.

Another feature of the welfare work done by St. Mary's War Service Club is the weekly communion breakfast served every Sunday morning by the good women of the club. Every Sunday morning the club dispatches a committee to serve breakfast to those men who miss breakfast by reason of receiving Holy Communion. This breakfast is served in the Red C Hut No. 1. This work is indeed a Cross building adjacent to the K. of sacrifice on the part of the women who leave their homes in Alexandria before 7 o'clock in the morning. These activities have met with big success because of the co-operation existing between these organizations and the Camp K of C, secretary, and because of the always willing help and keen appreciation of the enlisted men here in Camp.

WILL TAKE PART IN DRIVE

Fred Gast, of Washington Will Address Lutherns In Interest of Fund Being Collected by That Church

The Evangelical Lutheran Synod of Missouri, Ohio, and other States, the largest Lutheran Synod in the United States, next Sunday afternoon under the direction of the Lutheran Laymen's League, will make a drive for $3,000,000. The interest of this fund to be used for the support of the indigent and incapacitated pastors, professors and teachers, also for the support of their wives and children. This body is asking every member to contribute one tenth of the Liberty Bonds purchased during the war as a thank offering to God that the war has been brought to a successful end. Those, who desire, may also make cash donations for which Victory Bonds will be purchased from the government in the coming drive.

Immanuel Lutheran Church, Alfred and Cameron streets is also taking part in this coast to coast drive.

Tomorrow night, after the Wednesday Lenten service at 8 o'clock, Fred W. Gast, from Trinity Lutheran Church, Washington will address the congregation and will present the drive from the viewpoint of those men who gave this move its first impetus. All are cordially invited to attend.

BUREAU TO BE CONTINUED

Mrs. T. C. Howard Will Serve U. S. Employment Service Without Compensation.

It was announced at the meeting of the Civc Bureau of the Chamber of Comemrce last night, that the local branch of the United States Employment Servce was to be dispensed with, due to the fact that the necessary federal appropriations had not been made.

It was with great satisfaction, however, that it has been learned that Mrs. T. C. Howard, the director of the local bureau, realizing the reol service that is being rendered to returned soldiers through this bureau, has agreed to continue this bureau, without compensation.

The Civic Bureau heartily commended the patriotic spirit Mrs. Howard has evidenced, in aspiring to carry on this work, and passed a resolution requesting the Board of Directos to coperate with Mrs. Howard in every way possible.

The report of Mrs. Howard for the six weeks just closed, showed that her bureau had registered 675 applicants for work, and that she had secured positions for 466 of the applicants. Of 312 women applying for work she had secured positions for 217 of them. This report gives some idea of the importance of the work this bureau has been carrying on

SPREAD OF BOLSHEVISM

Hungary's Declaration of War Against the Allies Viewed With Grave Concern in Europe—General Chaos in Germany.

Amsterdam, March 25.—Bolshevism is spreading through Bosnia, Croatia and Slavonia. Armed peasants and workmen are battling with Serbs. Communists have occupied the banks and many newspaper offices throughout Hungary. Liberation of Karl Radek, the Russian Bolshevist agitator, by the Berlin authorities is confirmed.

Zurich, March 25.—Gen. Georgy's Hungarian army, estimated at 70,000, is making rapid headway in its march on Poland, having crossed the Dniester south of Lemberg, according to late dispatches from the Hungarian border.

Paris, March 25.—Hungary's alliance with the Bolsheviki and declaration of war against the allies renders necessary the occupation of strategic centers in Central Europe, unless peace is speedily signed. This belief prevailed here yesterday when leaders of the associated powers met to discuss the new crisis.

Spread of Bolshevism into Austria will mean severance of allied communications with Poland and Czecho-Slovaks, both of which are regarded as certain to join the Bolsheviki if the steady flow of food is interrupted.

Berlin, March 25.—All German newspapers are full of Bolshevik news. Telegrams from all parts of Hungary report absolute quiet and order prevail under the workers and soldiers' dictatorship.

The Berliner Zeitung says:

"Bolshevism in Hungary is merely a scare attempt to avoid its debts to the entente." This is humorous in view of the fact that it is exactly what some Hungarian papers say of Germany.

It is learned authoritatively that the Spartacans have postponed their general strike coup from the end of this month until April 8.

Many influential persons look for chaos in Germany. It appears doubtful if the government can hold its own.

London, March 25.—Has Frank Vanderlip, hard-headed American banker, voiced from Paris a warning which statesmen and publicists on this side of the Atlantic dared not utter though they know in their hearts that his picture foreshadowing the imminent wreckage of European civilization by Bolshevism is not overdrawn?

Washington, March 25.—Surrender of the Hungarian government to the Bolshevist forces constitutes a grave menace to the peace of Europe, in the opimin of government officials here who are in close touch with developments at Budapest.

State Department officials made no attempt yesterday to conceal their concern over the situation as revealed in the brief cable messages that have arrived.

NOTICE OF INTERRUPTION TO CITY WATER SUPPLY

The City water supply will be partially cut off tonight between the hours of eight and ten p. m. to repair a broken gate valve and at same time to enable the city to repair a fire hydrant, both in same location. Pressures will be reduced over the City to such an extent, consumers in certain sections may not be able to obtain a supply.

Consumers are requested to keep all openings closed as far as possible between the hours stated.

HEALTH AUTHORITIES AT WORK

Doctor R. P. Sandidge and his assistants are combing Alexandria for the purpose of placing the city in a sanitary condition before the advent of summer. They have taken pictures of certain cesspools, unsanitary heaps, debris, etc., and measures will be instituted to have the same obliterated at once.

The authorities are convinced that should there be neglect on the part of those responsible for the existence of foul gutters and mosquito-breeding pools to have the same eliminated at once that typhoid fever will visit Alexandria again this summer, and they call upon all citizens to vie with them in their endeavors to keep off this malady, which can be done should all do their part.

People who reside on streets upon which sewers have not been placed can secure sanitary boxes at twelve dollars each, and it would be well for such to make arrangements immediately for the installation of such, as it is the intention of the authorities to use drastic measures toward all who may ignore the requirements of the health laws of the city.

The authorities have prepared a map of the city, and ascertained the names of parties residing on sewered streets or whose property abuts on allies in which such have been placed, but who, so far, have not conformed to the law by connecting their premises with the same. In some blocks numbers of persons have paid no attention to the law. Printed notices will be served upon each, and after thirty days the delinquents will be cited to appear in the Police Court and show cause why they should not be fined.

It is hoped that all interested will take due notce and that no delinquents be found in our city after that period.

REMINDERS OF 1812

A few years ago, when the Gazette was published on Prince street, near Fairfax, a resident of lower Fairfax county brought to the office a shell which he dug out of the high bank at the Whte House about twelve miles below Alexandria. It was evidently fired from a British man-of-war during the bombardment of American forces at that point during the second war for independence.

A few days ago another reminder of the second clash was unearthed at the plant of the torpedo factory, which embraces the area bounded by Lee, Cameron and Union streets and Fayette alley, also the ground on the Strand from Union to the river front. It was in the shape of a solid cannon ball, weighing twenty-eight pounds. It was dug out of the foundation. This area, as is well known, was at one time a part of the Potomac river, the ground having been reclaimed a century ago. This solid shot was doubtless dropped where found when the British captured the city during the war of 1812.

Up to a few months ago a legend was on the south side of Henry K. Field & Co.'s mill on Lee street which announced that a boat containing a number of sailors belonging to the British man-of-war Pender capsized at that point during the war of 1812, drowning a number of men.

The shot was purchased by Henry Baader's Sons as junk.

The old "Coonkiller," used in firing salutes by Alexandrians for some time before and after the civil war, was purchased as junk from a foreign vessel which brought a cargo of old iron to this port many years ago.

ANOTHER SAD DEATH

Elsewhere in the Gazette will be found the announcement of the drowning of an Alexandrian, member of the American Expeditionary Force in France. The young soldier who will not come back was Thomas Cook, and the circumstances in connection with his death, months after the close of hostilities, are distressing. The deceased had been walking, and coming to a bridge which spanned a river sat upon the railing of the structure, unconscious of the fact that Death was dogging his steps. The unfortunate young man had been in the clash of battle, had escaped bullets and shells, but the shimmering stream over which he was gazing was waiting for him, and the railing of the structure giving way, he found himself floundering in the current. He soon drowned and his body was carried on and had not been recovered when the notification of his death was sent to his widowed mother in this city.

The above brings to mind many equally sad occurences after the sword of war had been returned to its scabbard. A large transport bearing federal soldiers who had received their discharges at the close of our civil war foundered on the way up the coast and most of those aboard perished. An ammunition factory at Danville blew up and killed about thirty men after the scenes at Appomattox.

The death of young Cook brings to mind the death of another Alexandrian who perished in the Congo fifteen or sixteen years ago. The latter, Rev. Henry C. Slaymaker, was a Christian solder, who had gone to Africa to proclaim the Gospel to the natives. The small steamer upon which he chanced to be at the time was caught in a current, capsized, and he and about twenty natives were drowned.

MENACE OF BOLSHEVISM

A few days ago the Gazette commented upon a suggestive picture which appeared in a Baltimore paper, It represented a savage, virtually naked, with rings in his nostrils, laughing at civilization and its many movements to bring about peace and good will toward men.

Dispatches today from Europe represent the old world as being in a ferment, such as has not been seen in centuries. The strides of Bolshevism are becoming more rapid every day, and representative men of the world are standing aghast at present conditions and viewing with alarm what events seem to be in the future. Our own country is liable to become infected by this tide of disorder which is encroaching upon the civilized portions of the world, as violence and disorder are reported everywhere.

The announcement that Hungary, inspired by Bolshevism, is about to war on the allies has sent forth an alarm everywhere.

St. Brice in the Paris Journal says the situation is as serious as that which arose when the Congress of Vienna learned of Napoleon's return from Elba. Today, as a hundred years ago, negotiations have provoked and have been surprised by destiny.

Socialism, iconoclasm, hunger, enforced idleness, distrust of government, wilful experimentalism, growing contempt for all ol dinstitutions —these are the forces that are everywhere rampant at present.

CHRISTIANITY IN CHNA

Practice of Selling Babies and Binding of Feet is Fast Diminishing in China.

New York, March 25.—"Babies for sale."

If China were a land where the English language was used that sign would greet the American traveler in the Orient today. But Chinese leaders assisted by Christian missionaries, have almost succeeded in wiping out the practice of selling little children like chattels in the market place.

In the past it was the usual thing for a father or mother to sell or give away surplus offsprings, or fling the innocents into the river or leave them in the fields or forests. This is one of the surviving pagan customs of China, which it is hoped to destroy entirely through the spreading of Christian democracy to that nation by means of the missionary centenary of the Methodist Episcopal church which was organized to raise $120,000,000 for furthering mission work of the two branches of Methodism at home and abroad.

Prominent Chinese strongly object to having such deplorable incidents as the selling of babies by their mothers called typical of the world's largest nation. They say these are simply "throw-backs" atavistic reminders of the barbarity of bygone centuries, which crop out now and then as do savage and cruel characters in the most highly cultivated races.

"This curse shall meet the same fate as opium smoking and foot binding," said a Christian Chinese recently. "It cannot stand the strong light of education, enlightenment, and better living conditions. These are the cure.

"Toward the better day, when heathenish cruelty shall be only a memory. China is progressing with giant strides. Such generous assistance as will be given by the Methodist centenary movement is hastening the change. China, better than perhaps any other backward nation today, recognizes the boon which Christian civilization is holding out to her and is grasping this good gift firmly."

Says Phosphates Make Beautiful Women and Strong .. Healthy, Vigorous, Robust Men.

Physicians all over the world are prescribing phosphates to build up run down enemic conditions and those who have treated their patients with Argo-Phosphate are changing thin, anemic women with toneless tissues flabby flesh, into the most beautiful rosy cheeked and plump round formed women imaginable.

Atlanta, Ga., Dr. Jacobson said in a recent interview that 90 per cent. of anemia comes from nervous breakdown which can only be corrected by supplying the necessary phosphates to the nervous system that is lacking in the food you eat, and this can be quickly supplied by taking one or two 5-grain Argo-Prosphate tablets after each meal, and at bed time. It will in many cases make a pale scrawncy face the picture of health in a few days, I have seen women that I expected would have to be kept under treatment for months restored to perfect health in one or two weeks time.

SPECIAL NOTICE. The Argo-Phosphate recommended by Dr. F. H. Jacobson contains phosphates such as are prescribed by leading physicians throughout the world, and it will be found the most effective form for treating patients with Nervous Dyspepsia, Stomach troubles, Brain Fag, and Nervous Prostration. It will renew youthful vim and vigor, and build up the whole body. Argo Phosphate is dispensed by Richard Gibson and The Rexall Store. Free sample mailed by the Argo Laboratories, Atlanta. Ga.

COME BACK TO WORK

Railway Clerks Return But Many Find Places Have Been Filled

Atlanta, Ga., March 25.—Clerks in the local passenger and freight offices of the Nashville, Chattanooga and St. Louis Railroad who have been on strike since March 11, demanding the removal of Federal Auditor A. P. Ottarson, returned to work yesterday.

Many were told by officers that no vacancies existed, because substitutes employed while the strike was on would be retained.

Internal complications in the Brotherhood of Railway Clerks became more apparent today with announcement that C. F. Jackson, who was removed as regional deputy of the brotherhood by J. J. Forrester, grand president, would prefer charges against Forrester with a view of removing him from the presidency because of his handling of the strike situation.

Grand officers of the shop crafts and "big four" brotherhoods have been summoned to Nashville to investigate.

Striking clerks at Nashville have not been ordered back to work, C. F. Jackson, general chairman of the Nashville, Chattanooga and St. Louis system clerks, said today.

Striking clerks held an indignation meeting last night to protest against what they term "the abject surrender of their grand president, J. J. Forrester."

MEET DEATH IN FIRE

Girl Had Escaped From Burning Dwelling, But Went Back for Youth.

Philadelphia, March 25.—After she had fled to safety from her burning home at No. 708 North Front street, Saturday morning, Lilly Weiss, a 17-year-old girl, found that her brother, James, 20 years old, was still sleeping in his room on the third floor.

Although the flames were licking up the stairway and great clouds of smoke were rolling through the house, the girl turned and went back to rescue him. She never came out of the house again, and hours later Fireman McGrant, after he had himself been once overcome, found the two lying dead in the brother's room.

The sister had succeeded in reaching the man and awakening him but flames had cut off their escape. Smoke was so dense they could not see. In a desperate effort to escape suffocation, the two had thrown themselves on the bed and covered their heads with a blanket. But the choking smoke penetrated under the folds. They died entwined in each other's arms.

$15,000 GEMS STOLEN

New York Salesman Robbed While Asleep on a Railroad Train

Abraham Walters, a jewelry salesman of New York, was robbed of a suitcase containing jewels valued at $15,000, when he fell asleep in a day coach on a train between Philadelphia and Washington early today.

Two unidentified men who boarded the train at Philadelphia and took seats near Walters alighted at Baltimore with the suitcase. The police of Washington, Baltimore and Philadelphia are searching for them.

Walters still was asleep when the train rolled into Union Station here at 2.00 o'clock this morning.

The funeral of Luther B. Hammill took place this afternoon from the residence of his parents, Mr. and Mrs. M. K. Hammill, 336 South Patrick street, Rev. Raymond W. White, pastor of the Methodist Protestant Church, officiating. Burial was in Beth el cemetery.

LIQUOR IN HANDBAGS

Two Baltimore Men Arrested for Carrying Liquor Unlawfully.

Two Baltimoreans with 96 half-pint "shorties" packed snugly in several handbags were arrested as they alighted from a train in the Union Station, Washington, last night by John E. Elliott, Department of Justice agent, and local detectives. They gave their names as James Frank Childress and John Joseph Harrington.

When arrested they insisted that they were en route to Savannah and had no intention of violating the law. Although they showed their railroad tickets, it availed nothing. Both men were returned to Baltimore.

CZECH RESIGNS

Masaryk's Retirement May be Due to Bolshevik Campaign.

Copenhagen, March 25.—T. G. Masaryk, the president of Czecho-Slovakia, has resigned, according to a report received here from Berlin.

Professor Thomas G. Masaryk, was elected president of the Czecho-Slovak government October 20, 1918, while he was in the United States. He was inaugurated president at Prague, December 22.

TRANSATLANTIC FLIGHT

Start Will be Made From Rockaway Beach, L. I.

Washington, March 25.—The start of the trans-Atlantic flight to be undertaken by Navy seaplanes will be made from Rockaway Beach, Long Island. The machines will steer a course up the Atlantic coast to a point yet to be determined from which they will set sail overseas.

IT'S WEAR LIKE THIS THAT CUTS YOUR SHOE EXPENSE

Stepping on small pieces of hot metal, walking on sharp chips of steel, standing in hot sand—these, and other harsh conditions of walking surfaces, in a steel plant, have no apparent effect on Neolin Soles. So says R. J. Doty, plant superintendent of the Sivyer Steel Casting Company, Milwaukee, Wisconsin.

"The best oak tanned leather soles last about three weeks under the abuse given them in the foundry, while I have been wearing a pair of Neolin Soles for more than three months. And to all appearances, they are as stout as when first put on my shoes," says Mr. Doty.

Only Neolin Soles can resist wear and abuse like this. They are created by Science to be very tough and durable — flexible and waterproof, too. To reduce your own shoe expense, and to cut the family shoe bills, buy Neolin-soled shoes. You can get them in many styles for men, women, and children.

And have your worn shoes re-bottomed with Neolin Soles. These long-wearing soles are manufactured by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outlast all other heels.

EX-KAISER GRANTED MONEY

Copenhagen, March 25.—Before the seizure of the former German Emperor's private fortune by the present government, 600,000 marks were remitted to him through Dutch banks, according to the Lokal Anzeiger, of Berlin. Then he expressed a wish for an advance on his property with which to purchase Dutch landed property, and the government placed 1,000,000 at his disposal, the newspaper says.

All the legal questions connected with the future disposition of the former monarch's private property are being investigated by a commission comprising representatives of the government and of Count Hohenzollern, as well as by non-official experts. It already is said to be certain his own private fortune will not be touched.

NEWS OF THE DAY

After considering a report of the address of Max Eastman, editor of Liberator, delivered in Baltimore last night, at an open forum, the board of police commissioners decided to take no action against Eastman but referred the matter to the Federal authorities. Eastman demanded the release of Thomas Mooney, sentenced to life imprisonment for participation in the San Francisco bomb outrages, threatening the nation with economic paralysis if Mooney is not freed. He also demanded the release of Eugene V. Debs, saying that if Debs is not freed he will be elected President.

Japan's snap judgment against the United States in her declaration that the American soldiers were at fault in the recent row at Tientsin has created a very ugly situation diplomatically for the United States. The decision of Japan appears, it is true, under the sanction of the war office, but it is believed in Washington that in view of the tension between the United States and Japan, the statement would ont have been allowed to go out from Tokyo had it not been approved by the Japanese minister for foreign affairs.

United States Supreme Court Justice Brandeis was proposed as the first president of Palestine yesterday in London by Israel Zangwill, the noted Hebrew author. Mr. Zangwill is believed to voice the opinion of the British Zionists. He said: "No man is better fitted to act as President of Palestine than is Justice Brandeis."

Complete independence under guidance of the league of nations is Egypt's aim, according to a delegation of Egyptians who called at a press bureau in Paris yesterday to protest against news agency dispatches from Cairo, which they declared misrepresented the situation there. The present trouble in Egypt is the result of the authorities refusing passports for an Egyptian delegation to the Peace Conference," declared a spokesman representing the Egyptian Association here.

Germany will not sign a peace which provides for cession of Danzig to the Poles, Dr. Mathias Erzberger, head of the German armistice commission, announced yesterday in Berlin. He said Germany would not consent to having any part of West Prussia or upper Silesia taken away from her. She was ready, he said, to neutralize the Vistula River and make Danzig a free port.

Vernon Castle, expert dancer, society favorite and hero airman, left but a small amount of earthly possessions. His estate is less than $1,000 and may be only a few hundreds, it is announced in New York by William Klein, counsel for Mrs. Castle. Mr. Klein explained that while Castle's income at one time was very large, he "lived up" to nearly every cent of it. The dancer was killed in Texas about a year ago when attempting to save a companion aviator.

From the headquarters of the Egyptian party in Switzerland large sums of German Bolshevik money are being sent regularly to Egypt to spread revolt here. A strange conference is scheduled for this week at Berne. Delegates of the five vanquished nations will meet to discuss armistice conditions.

The highest American authorities declared yesterday in Paris that there is absolutely no foundation in a report that Italy had threatened to withdraw from the Peace Conference unless awarded Fiume. On the contrary, they said, they have found Premier Orlando displaying a spirit of co-operation and good humor in all his recent conferences with allied representatives.

Former Emperor Karl and his family left Austria Sunday for Switzerland, it is announced. The Hungarian minister has been recalled from Vienna, a Budapest dispatch reported. Other dispatches said the revolutionary executive council has decided on separation of the church and state. Commissions have been established to liquidate the government's business. The finance minister has notified bankers that confidential agents and employes would hereafter manage the banks.

EX-KAISER GETS A SCARE

Threatening Letters Received And Guards Are Doubled.

Amerongen, March 25.—There was a state of the extreme alertness around the Von Bentinck Castle throughout Saturday night and yesterday morning in consequence of the receipt by the former German Emperor of two violently threatening letters, one emanating from Amsterdam and the other from the Belgian frontier, and also a telegram from a friend warning him of menacing peril,

All the Dutch gendarmes watching over the ex-Emperor's welfare were kept on duty, instead of half their number being allowed their accustomed rest. Yesterday morning all the garden paths in the neighborhood of the shed where William Hohenzollern was engaged in sawing wood were constantly patrolled by armed guards, while even outside the walls of the castle gendarmes were carrying loaded rifles.

One man was watching each of the four sides of the castle, and other precautions were taken to insure safety.

$50,000 FOR THREE VASES

University Museum Gets Specimens of Famous Chun Pottery.

Philadelphia, Pa., March 25.—Three vases of the extremely rare and far-famed Chun pottery have been purchased by the University Museum at a cost of $50,00.

Thanks to the strength and solidity of the vases, which have been treasured in the imperial palaces in China by successive dynasties for nearly 1000 years, they are in excellent condition and form ideal specimens of the ware manufactured in the famous factory of Chun, in the province of Honan.
